Notes to Consolidated Financial Statements
(unaudited)

1. Basis of Presentation and Significant Accounting Policies

In this Form 10-Q, unless otherwise stated, the terms "we," "us," "our" and the "company" refer to Campbell Soup Company and its consolidated subsidiaries.

The financial statements reflect all adjustments which are, in our opinion, necessary for a fair statement of the results of operations, financial position and cash flows for the indicated periods. The accounting policies we used in preparing these financial statements are substantially consistent with those we applied in our Annual Report on Form 10-K for the year ended July 30, 2023.

The results for the period are not necessarily indicative of the results to be expected for other interim periods or the full year. Our fiscal year ends on the Sunday nearest July 31, which is July 28, 2024.

2. Recent Accounting Pronouncements

In September 2022, the Financial Accounting Standards Board (FASB) issued guidance that enhances the transparency of supplier finance programs by requiring disclosure of the key terms of these programs and a related rollforward of these obligations to understand the effect on working capital, liquidity and cash flows. The guidance is effective for fiscal years beginning after December 15, 2022, including interim periods in those fiscal years, except for the rollforward requirement, which is effective for fiscal years beginning after December 15, 2023. Early adoption is permitted. We adopted the guidance in the fourth quarter of 2023, with the exception of the rollforward information. The adoption did not have a material impact on our consolidated financial statements. See Note 17 for additional information.

In November 2023, the FASB issued guidance to improve reportable segment disclosures, primarily through enhanced disclosures about significant segment expenses. In addition, the guidance enhances interim disclosure requirements, clarifies circumstances in which an entity can disclose multiple segment measures of profit or loss, provides new segment disclosure requirements for entities with a single reportable segment and contains other disclosure requirements. The purpose of the guidance is to enable investors to better understand an entity's overall performance and assess potential future cash flows. The guidance is effective for fiscal years beginning after December 15, 2023, and interim periods within fiscal years beginning after December 15, 2024. Early adoption is permitted. We are currently evaluating the impact that the new guidance will have on our consolidated financial statements.

In December 2023, the FASB issued guidance to improve income tax disclosures by requiring disaggregated information about a reporting entity's effective tax rate reconciliation as well as information on income taxes paid. The guidance is effective for annual periods beginning after December 15, 2024. The guidance should be applied on a prospective basis with the option to apply the standard retrospectively. Early adoption is permitted. We are currently evaluating the impact that the new guidance will have on our consolidated financial statements.

3. Acquisition

On August 7, 2023, we entered into a merger agreement to acquire Sovos Brands, Inc. (Sovos Brands) for \$23.00 per share. On March 12, 2024, we completed the acquisition. Sovos Brands' portfolio includes a variety of pasta sauces, dry pasta, soups, frozen entrées, frozen pizza and yogurts, all of which are sold in North America under the brand names *Rao's*, *Michael Angelo's* and *noosa*. Total purchase consideration was \$2.899 billion, which was determined as follows:

(Millions)	
Cash consideration paid to Sovos Brands shareholders ⁽¹⁾	\$ 2,307
Cash paid for share-based awards ⁽²⁾	32
Cash consideration paid directly to shareholders	\$ 2,339
Cash paid for transaction costs of Sovos Brands	32
Repayment of Sovos Brands existing indebtedness and accrued interest	486
Total cash consideration	\$ 2,857
Fair value of replacement share-based awards ⁽³⁾	42
Total consideration	\$ 2,899

⁽¹⁾ Consideration paid to Sovos Brands shareholders which reflects \$23.00 per share.

⁽²⁾ Represents cash paid to equity award holders of Sovos Brands restricted stock and restricted stock unit awards attributable to pre-combination service. This excludes \$3 million of cash paid that was recognized as expense.

(3) We issued replacement equity awards in settlement of certain Sovos Brands equity awards that did not become vested in connection with the acquisition. The portion of fair value of the replacement awards attributable to pre-combination service was \$42 million and is included in the purchase consideration. We recognized \$26 million of expense related to accelerated vesting of certain replacement awards.

The cash portion of the acquisition was funded through a Delayed Draw Term Loan Credit Agreement (the 2024 DDTL Credit Agreement) of \$2 billion and cash on hand. See Note 11 for additional information.

The table below presents the fair value that was allocated to acquired assets and assumed liabilities:

(Millions)	Estimated Fair Value
Cash	\$ 240
Accounts receivable	96
Inventories	130
Other current assets	5
Plant assets	102
Other intangible assets	1,785
Other assets	16
Total assets acquired	\$ 2,374
Accounts payable	\$ 96
Accrued liabilities	56
Accrued income taxes	1
Long-term debt	9
Deferred taxes	412
Other liabilities	11
Total liabilities assumed	\$ 585
Net assets acquired	\$ 1,789
Goodwill	1,110
Total consideration	\$ 2,899

The excess of the purchase price over the estimated fair values of identifiable net assets was recorded as \$1.11 billion of goodwill. The goodwill is not deductible for tax purposes. The goodwill was primarily attributable to future growth opportunities, anticipated synergies, and intangible assets that did not qualify for separate recognition. The goodwill is included in the Meals & Beverages segment.

The purchase price allocation of Sovos Brands is preliminary and is subject to the finalization of certain items, including valuations and tax balances, which will be completed within the allowable measurement period.

The identifiable intangible assets of Sovos Brands consist of:

(Millions)	Type	Life in Years	Value
Trademarks	Non-amortizable	Indefinite	\$ 1,470
Trademarks	Amortizable	20	83
Customer relationships	Amortizable	20 to 30	232
Total identifiable intangible assets			<u>\$ 1,785</u>

As of April 28, 2024, Sovos Brands amortizable intangible assets had a weighted-average remaining useful life of 27 years.

We incurred transaction costs and integration costs, including costs to achieve synergies, of \$95 million and \$114 million associated with the Sovos Brands acquisition in the three- and nine-month periods ended April 28, 2024, respectively. Approximately \$16 million in the three-month period and \$35 million in the nine-month period represented transaction costs, including outside advisory costs, recorded in Other expenses / (income). In the three-month period ended April 28, 2024, we recognized \$2 million in Interest expense related to financing fees associated with the 2024 DDTL Credit Agreement. Integration costs included expenses associated with accelerated vesting of replacement awards, severance and retention bonuses, amortization of the acquisition date fair value adjustment to inventories and other costs. Integration costs recognized in the three-month period ended April 28, 2024 included the following:

- \$18 million in Costs of products sold, \$17 million of which related to the amortization of the acquisition date fair value adjustment to inventories;
- \$2 million of Marketing and selling expenses;
- \$39 million of Administrative expenses;
- \$2 million of Research and development expenses; and
- \$16 million of Restructuring charges to achieve synergies. See Note 7 for additional information.

For the period March 12, 2024 through April 28, 2024, the Sovos Brands acquisition contributed \$166 million to Net sales and a loss of \$75 million to Net earnings, including the effect of transaction and integration costs and interest expense on the debt to finance the acquisition.

The following unaudited summary information is presented on a consolidated pro forma basis as if the Sovos Brands acquisition had occurred on August 1, 2022:

(Millions)	Three Months Ended		Nine Months Ended	
	April 28, 2024	April 30, 2023	April 28, 2024	April 30, 2023
Net sales	\$ 2,510	\$ 2,472	\$ 8,061	\$ 8,023
Net earnings attributable to Campbell Soup Company	\$ 184	\$ 141	\$ 595	\$ 532

The pro forma results are not necessarily indicative of the combined results had the Sovos Brands acquisition been completed on August 1, 2022, nor are they indicative of future combined results. The pro forma amounts include adjustments to interest expense for financing the acquisition, to amortization and depreciation expense based on the estimated fair value and useful lives of intangible assets and plant assets, and related tax effects. The pro forma results include adjustments to reflect amortization of the acquisition date fair value adjustment to inventories, expenses related to accelerated vesting of replacement awards and severance and retention bonuses as of August 1, 2022.

⁽¹⁾ Associated with the acquisition of Snyder's-Lance, Inc. (Snyder's-Lance).

As part of the Sovos Brands acquisition, we acquired the *Rao's* indefinite-lived trademark of \$1.47 billion, customer relationship intangible assets of \$232 million and definite-lived trademarks of \$83 million. See Note 3 for additional information.

Amortization expense was \$52 million for the nine-month period ended April 28, 2024, and \$31 million for the nine-month period ended April 30, 2023. Amortization expense in 2024 included \$20 million of accelerated amortization expense on customer relationships, which began in the fourth quarter of 2023 due to the loss of certain contract manufacturing customers. As of April 28, 2024, amortizable intangible assets had a weighted-average remaining useful life of 19 years. Amortization expense is estimated to be approximately \$73 million in 2024, \$72 million in 2025 and \$46 million per year for the following three years.

As of our 2023 annual impairment testing, indefinite-lived trademarks with approximately 10% or less of excess coverage of fair value over carrying value had an aggregate carrying value of \$434 million and included *Pacific Foods* and certain other Snacks trademarks. The indefinite-lived trademark related to the Sovos Brands acquisition has been recorded at fair value.

The estimates of future cash flows used in determining the fair value of goodwill and intangible assets involve significant management judgment and are based upon assumptions about expected future operating performance, economic conditions, market conditions and cost of capital. Inherent in estimating the future cash flows are uncertainties beyond our control, such as changes in capital markets. The actual cash flows could differ materially from management's estimates due to changes in business conditions, operating performance and economic conditions.

We evaluate segment performance before interest, taxes and costs associated with restructuring activities, cost savings and optimization initiatives, impairment charges and corporate expenses. Unrealized gains and losses on outstanding undesignated commodity hedging activities are excluded from segment operating earnings and are recorded in Corporate as these open positions represent hedges of future purchases. Upon closing of the contracts, the realized gain or loss is transferred to segment operating earnings, which allows the segments to reflect the economic effects of the hedge without exposure to quarterly volatility of unrealized gains and losses. Only the service cost component of pension and postretirement expense is allocated to segments. All other components of expense, including interest cost, expected return on assets, amortization of prior service credits and recognized actuarial gains and losses are reflected in Corporate and not included in segment operating results. Asset information by segment is not discretely maintained for internal reporting or used in evaluating performance.

7. Restructuring Charges, Cost Savings Initiatives and Other Optimization Initiatives

Multi-year Cost Savings Initiatives and Snyder's-Lance Cost Transformation Program and Integration

Continuing Operations

Beginning in fiscal 2015, we implemented initiatives to reduce costs and to streamline our organizational structure.

Over the years, we expanded these initiatives by continuing to optimize our supply chain and manufacturing networks, as well as our information technology infrastructure.

On March 26, 2018, we completed the acquisition of Snyder's-Lance. Prior to the acquisition, Snyder's-Lance launched a cost transformation program following a comprehensive review of its operations with the goal of significantly improving its financial performance. We continued to implement this program and identified opportunities for additional cost synergies as we integrated Snyder's-Lance.

In 2022, we expanded these initiatives as we continue to pursue cost savings by further optimizing our supply chain and manufacturing network and through effective cost management. In the second quarter of 2023, we announced plans to consolidate our Snacks offices in Charlotte, North Carolina, and Norwalk, Connecticut, into our headquarters in Camden, New Jersey. Cost estimates for these expanded initiatives, as well as timing for certain activities, are continuing to be developed.

A summary of the pre-tax charges recognized in the Consolidated Statements of Earnings related to these initiatives is as follows:

(Millions)	Three Months Ended		Nine Months Ended		Recognized as of April 28, 2024
	April 28, 2024	April 30, 2023	April 28, 2024	April 30, 2023

Research and development expenses	1	2	3	2	10
Total pre-tax charges	\$ 15	\$ 33	\$ 64	\$ 50	\$ 855

A summary of the pre-tax costs associated with the initiatives is as follows:

(Millions)	Recognized as of April 28, 2024
Severance pay and benefits	\$ 241
Asset impairment/accelerated depreciation	124
Implementation costs and other related costs	490
Total	\$ 855

The total estimated pre-tax costs for actions that have been identified are approximately \$905 million to \$930 million and we expect to incur substantially all of the costs through 2025. These estimates will be updated as the expanded initiatives are developed.

We expect the costs for actions that have been identified to date to consist of the following: approximately \$250 million to \$255 million in severance pay and benefits; approximately \$140 million in asset impairment and accelerated depreciation; and approximately \$515 million to \$535 million in implementation costs and other related costs. We expect these pre-tax costs to be associated with our segments as follows: Meals & Beverages - approximately 33%; Snacks - approximately 43%; and Corporate - approximately 24%.

Of the aggregate \$905 million to \$930 million of pre-tax costs identified to date, we expect approximately \$725 million to \$750 million will be cash expenditures. In addition, we expect to invest approximately \$705 million in capital expenditures, of which we invested \$508 million as of April 28, 2024. We expect to invest in substantially all of the capital expenditures through 2025. The capital expenditures primarily relate to optimization of production within our Meals & Beverages manufacturing network, a U.S. warehouse optimization project, improvement of quality, safety and cost structure across the Snyder's-Lance manufacturing network, optimization of information technology infrastructure and applications, enhancements to our headquarters in Camden, New Jersey, implementation of our existing SAP enterprise-resource planning system for Snyder's-Lance, and optimization of the Snyder's-Lance warehouse and distribution network.

A summary of the restructuring activity and related reserves at April 28, 2024, is as follows:

⁽³⁾ Includes other costs recognized as incurred that are not reflected in the restructuring reserve in the Consolidated Balance Sheet. The costs are included in Administrative expenses, Cost of products sold, Marketing and selling expenses and Research and development expenses in the Consolidated Statements of Earnings.

⁽⁴⁾ Includes non-cash costs that are not reflected in the restructuring reserve in the Consolidated Balance Sheet.

Segment operating results do not include restructuring charges, implementation costs and other related costs because we evaluate segment performance excluding such charges. A summary of the pre-tax costs associated with segments is as follows:

(Millions)	April 28, 2024		
	Three Months Ended	Nine Months Ended	Costs Incurred to Date
Meals & Beverages	\$ 7	\$ 16	\$ 267
Snacks	—	30	375
Corporate	8	18	213
Total	\$ 15	\$ 64	\$ 855

Other Optimization Initiatives

In the second quarter of 2024, we began implementation of a new initiative to improve the effectiveness of our Snacks direct-store-delivery route-to-market network. Pursuant to this initiative we will purchase certain Pepperidge Farm and Snyder's-Lance routes where there are opportunities to unlock greater scale in select markets, combine them and sell the combined routes to independent contractor distributors. We expect to execute this program in a staggered rollout and to incur expenses of up to approximately \$115 million through 2029. In the three-month period ended April 28, 2024, we incurred \$5 million in Marketing and selling expenses related to this initiative.

Sovos Brands Integration Initiatives

On March 12, 2024, we completed the acquisition of Sovos Brands. See Note 3 for additional information. We have identified opportunities for cost synergies as we integrate Sovos Brands. Cost estimates to achieve the synergies are continuing to be developed. The total expected pre-tax costs and timing of when we expect to incur those costs, as well as the expected future cash expenditures, will be updated as detailed plans are developed. We expect the pre-tax costs to be associated primarily with the Meals & Beverages segment.

In the three-month period ended April 28, 2024, we recorded Restructuring charges of \$16 million related to initiatives to achieve the synergies.

A summary of the restructuring activity and related reserves associated with the Sovos Brands integration at April 28, 2024, is as follows:

(Millions)	Severance Pay and Benefits
2024 charges	\$ 16
2024 cash payments	—
Accrued balance at April 28, 2024 ⁽¹⁾	\$ 16

⁽¹⁾ Includes \$5 million of severance pay and benefits recorded in Other liabilities in the Consolidated Balance Sheet.

Segment operating results do not include restructuring charges, nor implementation and integration costs, because we evaluate segment performance excluding such charges. The costs incurred in the three-month period ended April 28, 2024 were associated with the Meals & Beverages segment.

8. Earnings per Share (EPS)

For the periods presented in the Consolidated Statements of Earnings, the calculations of basic EPS and EPS assuming dilution vary in that the weighted average shares outstanding assuming dilution include the incremental effect of stock options and other share-based payment awards, except when such effect would be antidilutive. The earnings per share calculation for the three- and nine-month periods ended April 28, 2024 and April 30, 2023, excludes less than 1 million stock options that would have been antidilutive.

9. Pension and Postretirement Benefits

Components of net periodic benefit expense (income) were as follows:

(Millions)	Three Months Ended				Nine Months Ended			
	Pension		Postretirement		Pension		Postretirement	
	April 28, 2024	April 30, 2023	April 28, 2024	April 30, 2023	April 28, 2024	April 30, 2023	April 28, 2024	April 30, 2023

Net periodic benefit expense (income)	\$ —	\$ 15	\$ 2	\$ 2	\$ (1)	\$ 15	\$ 6	\$ 5

The actuarial losses for the three- and nine-month periods ended April 30, 2023 resulted from the remeasurement of certain U.S. pension plans due to lump sum distributions that exceeded or were expected to exceed service and interest costs resulting in settlement accounting for these plans. The actuarial losses recognized for the three-month period ended April 30, 2023 were primarily due to decreases in discount rates used to determine the benefit obligation and plan experience, partially offset by gains on plan assets. The actuarial losses recognized for the nine-month period ended April 30, 2023 were primarily due to losses on plan assets and plan experience, partially offset by increases in discount rates used to determine the benefit obligation.

10. Leases

The components of lease costs were as follows:

11. Short-term Borrowings and Long-term Debt

On October 10, 2023, we entered into the 2024 DDTL Credit Agreement totaling up to \$2 billion scheduled to mature on October 8, 2024. Loans under the 2024 DDTL Credit Agreement bear interest at the rates specified in the 2024 DDTL Credit Agreement, which vary based on the type of loan and certain other conditions. The 2024 DDTL Credit Agreement contains customary representations and warranties, affirmative and negative covenants, including a financial covenant with respect to a minimum consolidated interest coverage ratio of consolidated adjusted EBITDA to consolidated interest expense (as each is defined in the 2024 DDTL Credit Agreement) of not less than 3.25:1.00, and events of default for credit facilities of this type. The proceeds of the loans under the 2024 DDTL Credit Agreement could only be used in connection with the acquisition of Sovos Brands and the payment of fees and expenses incurred in connection therewith. On March 12, 2024, we borrowed \$2 billion under the 2024 DDTL Credit Agreement and used the proceeds in order to fund the acquisition of Sovos Brands, along with the fees and expenses incurred in connection therewith.

In August 2023, we filed a registration statement with the Securities and Exchange Commission that registered an indeterminate amount of debt securities. Under the registration statement we may issue debt securities from time to time, depending on market conditions. On March 19, 2024, pursuant to the registration statement, we issued senior unsecured notes of \$2.5 billion, consisting of:

- \$400 million aggregate principal amount of notes bearing interest at a fixed rate of 5.30% per annum, due March 20, 2026, with interest payable semi-annually on each of March 20 and September 20 commencing September 20, 2024;
- \$500 million aggregate principal amount of notes bearing interest at a fixed rate of 5.20% per annum, due March 19, 2027, with interest payable semi-annually on each of March 19 and September 19 commencing September 19, 2024;
- \$600 million aggregate principal amount of notes bearing interest at a fixed rate of 5.20% per annum, due March 21, 2029, with interest payable semi-annually on each of March 21 and September 21 commencing September 21, 2024; and
- \$1 billion aggregate principal amount of notes bearing interest at a fixed rate of 5.40% per annum, due March 21, 2034, with interest payable semi-annually on each of March 21 and September 21 commencing September 21, 2024.

The notes contain customary covenants and events of default. If a change of control triggering event occurs, we will be required to offer to purchase the notes at a purchase price equal to 101% of the principal amount plus accrued and unpaid interest, if any, to the purchase date. We used the net proceeds from the sale of the notes to repay the \$2 billion of outstanding borrowings under the 2024 DDTL Credit Agreement used to fund the Sovos Brands acquisition, including fees and expenses in connection therewith, and the remainder of the net proceeds to repay commercial paper.

On April 5, 2024, we repaid \$100 million of the \$500 million outstanding under our Delayed Draw Term Loan Credit Agreement (the 2022 DDTL Credit Agreement) due November 15, 2025.

On April 16, 2024, we terminated our existing revolving credit facility dated September 27, 2021 (as amended on April 4, 2023). On April 16, 2024, we entered into a Five-Year Credit Agreement for an unsecured, senior revolving credit facility (the 2024 Revolving Credit Facility Agreement) in an aggregate principal amount equal to \$1.85 billion with a maturity date of April 16, 2029 or such later date as extended pursuant to the terms set forth in the 2024 Revolving Credit Facility Agreement. The 2024 Revolving Credit Facility Agreement remained unused at April 28, 2024, except for \$1 million of standby letters of credit that we issued under it. We may increase the 2024 Revolving Credit Facility Agreement commitments up to an additional \$500 million, subject to the satisfaction of certain conditions. Loans under the 2024 Revolving Credit Facility Agreement will bear interest at the rates specified in the 2024 Revolving Credit Facility Agreement, which vary based on the type of loan and certain other conditions. The 2024 Revolving Credit Facility Agreement contains customary covenants, including a financial covenant with respect to a minimum consolidated interest coverage ratio of consolidated adjusted EBITDA to consolidated interest expense of not less than 3.25:1.00, and customary events of default for credit facilities of this type.

We have \$1.15 billion aggregate principal amount of senior notes maturing in March 2025 that we expect to repay and/or refinance using available sources, which may include cash on hand, accessing the capital markets, commercial paper and/or revolving credit facility.

12. Financial Instruments

The principal market risks to which we are exposed are changes in foreign currency exchange rates, interest rates and commodity prices. In addition, we are exposed to price changes related to certain deferred compensation obligations. In order to manage these exposures, we follow established risk management policies and procedures, including the use of derivative contracts such as swaps, rate locks, options, forwards and commodity futures. We enter into these derivative contracts for periods consistent with the related underlying exposures, and the contracts do not constitute positions independent of those exposures. We do not enter into derivative contracts for speculative purposes and do not use leveraged instruments. Our derivative programs include instruments that qualify for hedge accounting treatment and instruments that are not designated as accounting hedges.

Concentration of Credit Risk

We are exposed to the risk that counterparties to derivative contracts will fail to meet their contractual obligations. To mitigate counterparty credit risk, we enter into contracts only with carefully selected, leading, credit-worthy financial institutions, and distribute contracts among several financial institutions to reduce the concentration of credit risk. We did not have credit risk-related contingent features in our derivative instruments as of April 28, 2024, or July 30, 2023.

We are also exposed to credit risk from our customers. During 2023, our largest customer accounted for approximately 22% of consolidated net sales. Our five largest customers accounted for approximately 47% of our consolidated net sales in 2023.

We closely monitor credit risk associated with counterparties and customers.

Foreign Currency Exchange Risk

We are exposed to foreign currency exchange risk, primarily the Canadian dollar and Euro, related to intercompany transactions and third-party transactions. We utilize foreign exchange forward purchase and sale contracts and option contracts to hedge these exposures. The contracts are either designated as cash-flow hedging instruments or are undesignated. We hedge portions of our forecasted foreign currency transaction exposure with foreign exchange forward contracts for periods typically up to 18 months. The notional amount of foreign exchange forward contracts accounted for as cash-flow hedges was \$75 million as of April 28, 2024, and \$125 million as of July 30, 2023. Changes in the fair value on the portion of the derivative included in the assessment of hedge effectiveness of cash-flow hedges are recorded in other comprehensive income (loss), until earnings are affected by the variability of cash flows. For derivatives that are designated and qualify as hedging instruments, the initial fair value of hedge components excluded from the assessment of effectiveness is recognized in earnings under a systematic and rational method over the life of the hedging instrument and is presented in the same statement of earnings line item as the earnings effect of the hedged item. Any difference between the change in the fair value of the hedge components excluded from the assessment of effectiveness and the amounts recognized in earnings is recorded as a component of other comprehensive income (loss). The notional amount of foreign exchange forward and option contracts that are not designated as accounting hedges was \$279 million as of April 28, 2024, and \$15 million as of July 30, 2023.

Interest Rate Risk

We manage our exposure to changes in interest rates by optimizing the use of variable-rate and fixed-rate debt. From time to time, we may use interest rate swaps in order to maintain our variable-to-total debt ratio within targeted guidelines. We manage our exposure to interest volatility on future debt issuances by entering into forward starting interest rate swaps or treasury lock contracts to hedge the rate on the interest payments related to the anticipated debt issuance. The forward starting interest rate swaps or treasury lock contracts are either designated as cash-flow hedging instruments or are undesignated.

Changes in the fair value on the portion of the derivative included in the assessment of hedge effectiveness of cash-flow hedges are recorded in other comprehensive income (loss), and reclassified into Interest expense over the life of the debt issued. The change in fair value on undesignated instruments is recorded in Interest expense. We settled forward starting interest rate swaps with a notional value of \$1.1 billion in March 2024 at a loss of \$11 million. The \$11 million loss on these instruments was recorded in other comprehensive income (loss) and will be recognized as additional interest expense over the 10-year, 5-year, and 3-year lives of the debt issued in March 2024. There were no forward starting interest rate swaps or treasury lock contracts outstanding as of April 28, 2024 and July 30, 2023.

Commodity Price Risk

We principally use a combination of purchase orders and various short- and long-term supply arrangements in connection with the purchase of raw materials, including certain commodities and agricultural products. We also enter into commodity futures, options and swap contracts to reduce the volatility of price fluctuations of wheat, diesel fuel, natural gas, soybean oil, aluminum, cocoa, corn, soybean meal and butter. Commodity futures, options and swap contracts are either designated as cash-flow hedging instruments or are undesignated. We hedge a portion of commodity requirements for periods typically up to 18 months. There were no commodity contracts designated as cash-flow hedges as of April 28, 2024, or July 30, 2023. The notional amount of commodity contracts not designated as accounting hedges was \$211 million as of April 28, 2024, and \$194 million as of July 30, 2023. The change in fair value on undesignated instruments is recorded in Cost of products sold.

We have a supply contract under which prices for certain raw materials are established based on anticipated volume requirements over a twelve-month period. Certain prices under the contract are based in part on certain component parts of the raw materials that are in excess of our needs or not required for our operations, thereby creating an embedded derivative requiring bifurcation. We net settle amounts due under the contract with our counterparty. The notional amount was \$66 million as of April 28, 2024, and \$47 million as of July 30, 2023. The change in fair value on the embedded derivative is recorded in Cost of products sold.

Deferred Compensation Obligation Price Risk

We enter into swap contracts which hedge a portion of exposures relating to the total return of certain deferred compensation obligations. These contracts are not designated as hedges for accounting purposes. Unrealized gains (losses) and settlements are included in Administrative expenses in the Consolidated Statements of Earnings. We enter into these contracts for periods typically not exceeding 12 months. The notional amounts of the contracts were \$71 million as of April 28, 2024, and \$42 million July 30, 2023.

The following table summarizes the fair value of derivative instruments on a gross basis as recorded in the Consolidated Balance Sheets as of April 28, 2024, and July 30, 2023:

We do not offset the fair values of derivative assets and liabilities executed with the same counterparty that are generally subject to enforceable netting agreements. However, if we were to offset and record the asset and liability balances of derivatives on a net basis, the amounts presented in the Consolidated Balance Sheets as of April 28, 2024, and July 30, 2023, would be adjusted as detailed in the following table:

(Millions)	April 28, 2024			July 30, 2023

We are required to maintain cash margin accounts in connection with funding the settlement of open positions for exchange-traded commodity derivative instruments. A cash margin liability balance of \$2 million at April 28, 2024, and an asset balance of \$2 million at July 30, 2023, were included in Accrued liabilities and Other current assets, respectively, in the Consolidated Balance Sheets.

The following tables show the effect of our derivative instruments designated as cash-flow hedges for the three- and nine-month periods ended April 28, 2024, and April 30, 2023, in other comprehensive income (loss) (OCI) and the Consolidated Statements of Earnings:

13. Fair Value Measurements

We categorize financial assets and liabilities based on the following fair value hierarchy:

- Level 1: Observable inputs that reflect quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability through corroboration with observable market data.
- Level 3: Unobservable inputs, which are valued based on our estimates of assumptions that market participants would use in pricing the asset or liability.

Fair value is defined as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. When available, we use unadjusted quoted market prices to measure the fair value and classify such items as Level 1. If quoted market prices are not available, we base fair value upon internally developed models that use current market-based or independently sourced market parameters such as interest rates and currency rates. Included in the fair value of derivative instruments is an adjustment for credit and nonperformance risk.

Assets and Liabilities Measured at Fair Value on a Recurring Basis

The following tables present our financial assets and liabilities that are measured at fair value on a recurring basis as of April 28, 2024, and July 30, 2023, consistent with the fair value hierarchy:

(Millions)	Fair Value as of April 28, 2024	Fair Value Measurements at April 28, 2024 Using Fair Value Hierarchy			Fair Value as of July 30, 2023	Fair Value Measurements at July 30, 2023 Using Fair Value Hierarchy

(1) Based on observable market transactions of spot currency rates and forward rates.

(2) Level 1 and 2 are based on quoted futures exchanges and on observable prices of futures and options transactions in the marketplace. Level 3 is based on unobservable inputs in which there is little or no market data, which requires management's own assumptions within an internally developed model.

(3) Based on index swap rates.

(4) Based on the fair value of the participants' investments.

The following table summarizes the changes in fair value of Level 3 assets and liabilities for the nine-month periods ended April 28, 2024, and April 30, 2023:

(Millions)	Nine Months Ended	
	April 28, 2024	April 30, 2023

Fair Value of Financial Instruments

The carrying values of cash and cash equivalents, accounts receivable and accounts payable approximate fair value.

There were cash equivalents of \$26 million at April 28, 2024 and none at July 30, 2023. Cash equivalents represent fair value as these highly liquid investments have an original maturity of three months or less.

The fair value of short- and long-term debt was \$6.714 billion at April 28, 2024, and \$4.293 billion at July 30, 2023. The carrying value was \$7.179 billion at April 28, 2024, and \$4.689 billion at July 30, 2023. The fair value of long-term debt is principally estimated using Level 2 inputs based on quoted market prices or pricing models using current market rates.

14. Share Repurchases

In June 2021, the Board authorized an anti-dilutive share repurchase program of up to \$250 million (June 2021 program) to offset the impact of dilution from shares issued under our stock compensation programs. The June 2021 program has no expiration date, but it may be suspended or discontinued at any time. Repurchases under the June 2021 program may be made in open-market or privately negotiated transactions.

In September 2021, the Board approved a strategic share repurchase program of up to \$500 million (September 2021 program). The September 2021 program has no expiration date, but it may be suspended or discontinued at any time. Repurchases under the September 2021 program may be made in open-market or privately negotiated transactions.

During the nine-month period ended April 28, 2024, we repurchased 1.08 million shares at a cost of \$46 million pursuant to our June 2021 program. As of April 28, 2024, approximately \$58 million remained available under the June 2021 program and approximately \$301 million remained available under the September 2021 program. During the nine-month period ended April 30, 2023, we repurchased 2.692 million shares at a cost of \$141 million.

15. Stock-based Compensation

We provide compensation benefits by issuing stock options, unrestricted stock and restricted stock units (including time-lapse restricted stock units, EPS performance restricted stock units, total shareholder return (TSR) performance restricted stock units and free cash flow (FCF) performance restricted stock units). In 2024, we issued time-lapse restricted stock units, unrestricted stock, TSR performance restricted stock units and EPS performance restricted stock units. We last issued stock options and FCF performance restricted stock units in 2019.

In connection with the Sovos Brands acquisition, we issued 1.721 million time-lapse restricted stock units (Replacement units) in exchange for certain Sovos Brands restricted stock units and performance restricted stock units. The Replacement units are subject to the same terms and conditions of the original Sovos Brands restricted stock units and performance restricted stock units. Certain Replacement units were subject to accelerated vesting. The Replacement units have a total fair value of \$74 million based on the quoted price of our stock on the acquisition date. The portion of Replacement units attributed to pre-combination service was \$42 million, which was accounted for as part of consideration transferred and was recorded in Additional Paid-in Capital in our Consolidated Statements of Equity. See Note 3 for additional information. The portion of the Replacement units attributable to post-combination service will be recognized as stock-based compensation expense over the remaining vesting period.

In determining stock-based compensation expense, we estimate forfeitures expected to occur. Total pre-tax stock-based compensation expense and tax-related benefits recognized in the Consolidated Statements of Earnings were as follows:

(Millions)	Three Months Ended		Nine Months Ended	
	April 28, 2024	April 30, 2023	April 28, 2024	April 30, 2023
Total pre-tax stock-based compensation expense ⁽¹⁾	\$ 44	\$ 17	\$ 80	\$ 48
Tax-related benefits	\$ 3	\$ 3	\$ 9	\$ 9

⁽¹⁾ Includes \$26 million of expense related to accelerated vesting of certain Replacement units in the three- and nine-month periods ended April 28, 2024.

The following table summarizes stock option activity as of April 28, 2024:

	Options (In thousands)	Weighted-Average Exercise Price	Weighted-Average Remaining Contractual Life (In years)	Aggregate Intrinsic Value (Millions)
Outstanding at July 30, 2023	833	\$ 44.77		
Granted	—	\$ —		
Exercised	—	\$ —		
Terminated	—	\$ —		
Outstanding at April 28, 2024	<u>833</u>	<u>\$ 44.77</u>	<u>3.5</u>	<u>\$ 4</u>
Exercisable at April 28, 2024	<u>833</u>	<u>\$ 44.77</u>	<u>3.5</u>	<u>\$ 4</u>

The total intrinsic value of options exercised during the nine-month period ended April 30, 2023 was \$3 million. We measured the fair value of stock options using the Black-Scholes option pricing model.

We expensed stock options on a straight-line basis over the vesting period, except for awards issued to retirement eligible participants, which we expensed on an accelerated basis. As of January 2022, compensation related to stock options was fully expensed.

The following table summarizes time-lapse restricted stock units and EPS performance restricted stock units as of April 28, 2024:

	Units (In thousands)	Weighted-Average Grant- Date Fair Value
Nonvested at July 30, 2023	2,274	\$ 45.39
Granted	1,744	\$ 41.46
Replacement units granted in connection with Sovos Brands acquisition	1,721	\$ 43.01
Vested	(2,233)	\$ 43.86
Forfeited	(184)	\$ 43.27
Nonvested at April 28, 2024	<u>3,322</u>	<u>\$ 43.23</u>

We determine the fair value of time-lapse restricted stock units based on the quoted price of our stock at the date of grant. We expense time-lapse restricted stock units on a straight-line basis over the vesting period, except for awards issued to retirement-eligible participants and certain Replacement units, which we expense on an accelerated basis.

Since 2022, we have granted EPS performance restricted stock units that will be earned upon the achievement of our adjusted EPS compound annual growth rate goal, measured over a three-year period. The actual number of EPS performance restricted stock units issued at the vesting date could range from 0% to 200% of the initial grant depending on actual performance achieved. The fair value of EPS performance restricted stock units is based upon the quoted price of our stock at the date of grant. We expense EPS performance restricted stock units on a straight-line basis over the service period, except for awards issued to retirement-eligible participants, which we expense on an accelerated basis. We estimate expense based on the number of awards expected to vest. There were 887 thousand EPS performance target grants outstanding at April 28, 2024, with a weighted-average grant-date fair value of \$42.98.

As of April 28, 2024, total remaining unearned compensation related to nonvested time-lapse restricted stock units and EPS performance restricted stock units was \$65 million, which will be amortized over the weighted-average remaining service period of 1.8 years. The fair value of restricted stock units vested during the nine-month periods ended April 28, 2024, and April 30, 2023, was \$95 million and \$36 million, respectively. The weighted-average grant-date fair value of the restricted stock units granted during the nine-month period ended April 30, 2023 was \$47.55.

The following table summarizes TSR performance restricted stock units as of April 28, 2024:

	Units (In thousands)	Weighted-Average Grant- Date Fair Value
Nonvested at July 30, 2023	948	\$ 51.81
Granted	387	\$ 44.18
Vested	(289)	\$ 54.93
Forfeited	(159)	\$ 52.20
Nonvested at April 28, 2024	887	\$ 47.40

We estimated the fair value of TSR performance restricted stock units at the grant date using a Monte Carlo simulation.

Assumptions used in the Monte Carlo simulation were as follows:

	2024	2023
Risk-free interest rate	4.84%	4.29%
Expected dividend yield	3.54%	3.09%
Expected volatility	22.16%	26.40%
Expected term	3 years	3 years

We recognize compensation expense on a straight-line basis over the service period, except for awards issued to retirement eligible participants, which we expense on an accelerated basis. As of April 28, 2024, total remaining unearned compensation related to TSR performance restricted stock units was \$16 million, which will be amortized over the weighted-average remaining service period of 1.8 years. In the first quarter of 2024, recipients of TSR performance restricted stock units earned 75% of the initial grants based upon our TSR ranking in a performance peer group during a three-year period ended July 28, 2023. In the first quarter of 2023, recipients of TSR performance restricted stock units earned 100% of the initial grants based upon our TSR ranking in a performance peer group during a three-year period ended July 29, 2022. The fair value of TSR performance restricted stock units vested during the nine-month periods ended April 28, 2024, and April 30, 2023, was \$12 million and \$21 million, respectively. The grant-date fair value of the TSR performance restricted stock units granted during the nine-month period ended April 30, 2023, was \$53.74.

The tax benefits on the exercise of stock options in the nine-month period ended April 30, 2023 were not material. Cash received from the exercise of stock options was \$22 million for the nine-month period ended April 30, 2023, and is reflected in cash flows from financing activities in the Consolidated Statements of Cash Flows.

16. Commitments and Contingencies

Regulatory and Litigation Matters

We are involved in various pending or threatened legal or regulatory proceedings, including purported class actions, arising from the conduct of business both in the ordinary course and otherwise. Modern pleading practice in the U.S. permits considerable variation in the assertion of monetary damages or other relief. Jurisdictions may permit claimants not to specify the monetary damages sought or may permit claimants to state only that the amount sought is sufficient to invoke the jurisdiction of the trial court. In addition, jurisdictions may permit plaintiffs to allege monetary damages in amounts well exceeding reasonably possible verdicts in the jurisdiction for similar matters. This variability in pleadings, together with our actual experiences in litigating or resolving through settlement numerous claims over an extended period of time, demonstrates to us that the monetary relief which may be specified in a lawsuit or claim bears little relevance to its merits or disposition value.

Due to the unpredictable nature of litigation, the outcome of a litigation matter and the amount or range of potential loss at particular points in time is normally difficult to ascertain. Uncertainties can include how fact finders will evaluate documentary evidence and the credibility and effectiveness of witness testimony, and how trial and appellate courts will apply the law in the context of the pleadings or evidence presented, whether by motion practice, or at trial or on appeal. Disposition valuations are also subject to the uncertainty of how opposing parties and their counsel will themselves view the relevant evidence and applicable law.

On March 20, 2024, the United States Department of Justice (DOJ), on behalf of the U.S. Environmental Protection Agency, and National Education Law Center, on behalf of Environment America and Lake Erie Waterkeeper, filed lawsuits in the United States District Court for the Northern District of Ohio – Western Division concerning alleged violations of the Clean Water Act relating to alleged contaminant discharges from the company's Napoleon, Ohio wastewater treatment facility in excess of the facility's Clean Water Act permit limits. We have and are continuing to take actions to remediate the exceedances.

and are in settlement discussions with the DOJ and the private environmental groups. While we cannot predict with certainty the amount of any civil penalty or the timing of the resolution of this matter, we do not expect that the ultimate costs to resolve this matter will have a material adverse effect on our financial condition, results of operations, or cash flows.

We establish liabilities for litigation and regulatory loss contingencies when information related to the loss contingencies shows both that it is probable that a loss has been incurred and the amount of the loss can be reasonably estimated. It is possible that some matters could require us to pay damages or make other expenditures or establish accruals in amounts that could not be reasonably estimated as of April 28, 2024. While the potential future charges could be material in a particular quarter or annual period, based on information currently known by us, we do not believe any such charges are likely to have a material adverse effect on our consolidated results of operations or financial condition.

Other Contingencies

We have provided certain indemnifications in connection with divestitures, contracts and other transactions. Certain indemnifications have finite expiration dates. Liabilities recognized based on known exposures related to such matters were not material at April 28, 2024.

17. Supplier Finance Program Obligations

To manage our cash flow and related liquidity, we work with our suppliers to optimize our terms and conditions, including the extension of payment terms. Our current payment terms with our suppliers, which we deem to be commercially reasonable, generally range from 0 to 120 days. We also maintain agreements with third-party administrators that allow participating suppliers to track payment obligations from us, and, at the sole discretion of the supplier, sell those payment obligations to participating financial institutions. Our obligations to our suppliers, including amounts due and scheduled payment terms, are not impacted. Supplier participation in these agreements is voluntary. We have no economic interest in a supplier's decision to enter into these agreements and no direct financial relationship with the financial institutions. We have not pledged assets as security or provided any guarantees in connection with these arrangements. The payment of these obligations is included in cash provided by operating activities in the Consolidated Statements of Cash Flows. Amounts outstanding under these programs, which are included in Accounts payable on the Consolidated Balance Sheets, were approximately \$260 million at April 28, 2024 and July 30, 2023.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

OVERVIEW

This Management's Discussion and Analysis of Financial Condition and Results of Operations is provided as a supplement to, and should be read in conjunction with, the Consolidated Financial Statements and the Notes to the Consolidated Financial Statements in "Part I - Item 1. Financial Statements," and our Form 10-K for the year ended July 30, 2023, including but not limited to "Part I - Item 1A. Risk Factors" and "Part II - Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations."

Executive Summary

Unless otherwise stated, the terms "we," "us," "our" and the "company" refer to Campbell Soup Company and its consolidated subsidiaries.

We are a manufacturer and marketer of high-quality, branded food and beverage products. We operate in a highly competitive industry and experience competition in all of our categories.

On May 30, 2023, we completed the sale of our Emerald nuts business for \$41 million. The results of the business through the date of sale were reflected within the Snacks reportable segment.

On March 12, 2024, we completed the acquisition of Sovos Brands, Inc. (Sovos Brands) for total purchase consideration of \$2.899 billion. For additional information on the Sovos Brands acquisition, see Note 3 to the Consolidated Financial Statements. All references to the acquisition below refer to the Sovos Brands acquisition.

Business Trends

Our industry continues to be impacted by commodity cost fluctuations, rising labor costs and other global macroeconomic challenges. Through the third quarter, we experienced a moderate amount of input cost inflation, and we expect inflation to continue to moderate throughout the remainder of 2024. We anticipate continued supply chain productivity and previously implemented pricing actions to mitigate some of the inflationary pressures and expect such benefits to largely offset the incremental costs in 2024. We will continue to evaluate the evolving macroeconomic environment to take action to mitigate the impact on our business, consolidated results of operations and financial condition.

We have lapped 2023 price increases and favorable net price realization will represent a reduced contribution to sales in 2024. Consistent with trends seen throughout the industry, we have experienced a reduction in our volumes due to lower consumption; however, we have seen modest sequential year over year volume/mix improvement in each of the last three quarters of 2024.

Summary of Results

This Summary of Results provides significant highlights from the discussion and analysis that follows.

- Net sales increased 6% in the quarter to \$2.369 billion primarily due to a 7-point benefit from the acquisition of Sovos Brands. On a two-year compounded annual growth rate (CAGR), net sales increased 5%.
- Gross profit, as a percent of sales, was 30.9% in 2024 compared to 30.0% in the prior-year quarter. The increase was primarily due to benefits from supply chain productivity improvements, mark-to-market adjustments on outstanding undesignated commodity hedges and lower costs associated with cost savings initiatives, partially offset by higher cost inflation and other supply chain costs and the impact of the acquisition.
- Earnings per share were \$.44 in 2024, compared to \$.53 a year ago. The current quarter included expenses of \$.30 per share and the prior-year quarter included expenses of \$.15 per share from items impacting comparability as discussed below.

Net Earnings attributable to Campbell Soup Company

The following items impacted the comparability of net earnings and net earnings per share:

- We implemented several cost savings initiatives in recent years. In the third quarter of 2024, we recorded implementation costs and other related costs of \$13 million in Administrative expenses, \$3 million in Cost of products sold, \$1 million in Marketing and selling expenses, \$1 million in Research and development expenses and a reduction to Restructuring charges of \$3 million related to these initiatives. Year-to-date in 2024, we recorded Restructuring charges of \$1 million and implementation costs and other related costs of \$47 million in Administrative expenses, \$9 million in Cost of products sold, \$4 million in Marketing and selling expenses and \$3 million in Research and development expenses related to these initiatives. In the third quarter of 2023, we recorded Restructuring charges of \$6 million and implementation costs and other related costs of \$13 million in Administrative expenses, \$12 million in Cost of products sold and \$2 million in Research and development expenses (aggregate impact of \$24 million after tax, or \$.08 per share) related to these initiatives. Year-to-date in 2023, we recorded Restructuring charges of \$15 million and implementation costs and other related costs of \$21 million in Administrative expenses, \$12 million in Cost of products sold and \$2 million in Research and development expenses (aggregate impact of \$37 million after tax, or \$.12 per share) related to these initiatives;

In the second quarter of 2024, we began implementation of a new optimization initiative to improve the effectiveness of our Snacks direct-store-delivery route-to-market network. In the third quarter of 2024, we recognized \$5 million in Marketing and selling expenses related to this initiative;

In the third quarter of 2024, the total aggregate impact related to the cost savings and optimization initiatives was \$20 million (\$15 million after tax, or \$0.05 per share). Year-to-date in 2024, the total aggregate impact related to the cost savings and optimization initiatives was \$69 million (\$52 million after tax, or \$0.17 per share). In Meals & Beverages, sales increased 15%, primarily due to a 15-point benefit from the acquisition of Sovos Brands. Favorable volume/mix was offset by lower net price realization. Excluding the benefit from the acquisition of Sovos Brands, sales were comparable as gains in foodservice were offset by declines in U.S. retail products. Within U.S. retail products, declines in beverages and *Campbell's* pasta and *Swanson* canned poultry were partially offset by gains in *Prego* pasta sauces and U.S. soup. Sales of U.S. soup increased 2% primarily due to an increase in broth, partially offset by decreases in ready-to-serve soups and condensed soups. On a two-year CAGR basis, net sales increased 6%, including the impact of the acquisition.

In Snacks, sales decreased 2%. Excluding the impact from the divestiture of the Emerald nuts business, sales decreased driven by declines in third-party partner brands, contract manufacturing, frozen products and fresh bakery, partially offset by sales of our power brands, which increased 2%. Sales of power brands were driven by increases in cookies and crackers, primarily *Goldfish* crackers, and in salty snacks. Sales were impacted by volume/mix declines and neutral net price realization. On a two-year CAGR basis, net sales increased 5%.

Gross Profit

Gross profit, defined as Net sales less Cost of products sold, increased by \$64 million in 2024 from 2023. As a percent of sales, gross profit was 30.9% in 2024 and 30.0% in 2023.

The 90 basis-point increase in gross profit margin was due to the following factors:

	Margin Impact
Productivity improvements	250

⁽²⁾ Includes a 90 basis-point positive impact from the change in unrealized mark-to-market adjustments on outstanding undesignated commodity hedges and an estimated positive margin impact of 50 basis points from the benefit of cost savings initiatives, which were more than offset by cost inflation and other factors.

⁽³⁾ Includes a negative margin impact of 70 basis points from a Sovos Brands acquisition date fair value adjustment for inventory.

Marketing and Selling Expenses

Marketing and selling expenses as a percent of sales were 8.7% in 2024 and 2023. Marketing and selling expenses increased 6% in 2024 from 2023. Other expenses in 2024 included costs associated with the acquisition of \$16 million and accelerated amortization expense of \$6 million. Other expenses in 2023 included pension actuarial losses of \$17 million. Excluding these amounts, the remaining change was primarily due to higher net periodic pension and postretirement benefit income in the prior year.

Operating Earnings

Segment operating earnings increased 10% in 2024 from 2023.

An analysis of operating earnings by segment follows:

(Millions)	Three Months Ended		% Change

Excluding these amounts, the remaining decrease was due to lower general and administrative expenses.

Interest Expense

Interest expense of \$70 million in 2024 increased from \$47 million in 2023 primarily due to higher levels of debt to fund the acquisition.

Taxes on Earnings

The effective tax rate was 26.9% in 2024 and 23.1% in 2023. The increase in the effective tax rate was primarily due to nondeductible costs associated with the acquisition.

Restructuring Charges, Cost Savings Initiatives and Other Optimization Initiatives

Multi-year Cost Savings Initiatives and Snyder's-Lance, Inc. (Snyder's-Lance) Cost Transformation Program and Integration

Continuing Operations

Beginning in fiscal 2015, we implemented initiatives to reduce costs and to streamline our organizational structure.

Over the years, we expanded these initiatives by continuing to optimize our supply chain and manufacturing networks, as well as our information technology infrastructure.

On March 26, 2018, we completed the acquisition of Snyder's-Lance. Prior to the acquisition, Snyder's-Lance launched a cost transformation program following a comprehensive review of its operations with the goal of significantly improving its financial performance. We continued to implement this program and identified opportunities for additional cost synergies as we integrated Snyder's-Lance.

In 2022, we expanded these initiatives as we continue to pursue cost savings by further optimizing our supply chain and manufacturing network and through effective cost management. In the second quarter of 2023, we announced plans to consolidate our Snacks offices in Charlotte, North Carolina, and Norwalk, Connecticut, into our headquarters in Camden, New Jersey. Cost estimates for these expanded initiatives, as well as timing for certain activities, are continuing to be developed.

A summary of the pre-tax charges recognized in the Consolidated Statements of Earnings related to these initiatives is as follows:

(Millions, except per share amounts)	Three Months Ended		Nine Months Ended		Recognized as of April 28, 2024
	April 28, 2024	April 30, 2023	April 28, 2024	April 30, 2023	
Restructuring charges	\$ (3)	\$ 6	\$ 1	\$ 15	\$ 281
Administrative expenses	13	13	47	21	430
Cost of products sold	3	12	9	12	111
Marketing and selling expenses	1	—	4	—	23
Research and development expenses	1	2	3	2	10
Total pre-tax charges	\$ 15	\$ 33	\$ 64	\$ 50	\$ 855
Aggregate after-tax impact	\$ 11	\$ 24	\$ 48	\$ 37	
Per share impact	\$.04	\$.08	\$.16	\$.12	

A summary of the pre-tax costs associated with these initiatives is as follows:

(Millions)	Recognized as of April 28, 2024
Severance pay and benefits	\$ 241
Asset impairment/accelerated depreciation	124
Implementation costs and other related costs	490
Total	\$ 855

The total estimated pre-tax costs for actions that have been identified are approximately \$905 million to \$930 million and we expect to incur substantially all of the costs through 2025. These estimates will be updated as the expanded initiatives are developed.

We expect the costs for actions that have been identified to date to consist of the following: approximately \$250 million to \$255 million in severance pay and benefits; approximately \$140 million in asset impairment and accelerated depreciation; and approximately \$515 million to \$535 million in implementation costs and other related costs. We expect these pre-tax costs to be associated with our segments as follows: Meals & Beverages - approximately 33%; Snacks - approximately 43%; and Corporate - approximately 24%.

Of the aggregate \$905 million to \$930 million of pre-tax costs identified to date, we expect approximately \$725 million to \$750 million will be cash expenditures. In addition, we expect to invest approximately \$705 million in capital expenditures, of which we invested \$508 million as of April 28, 2024. We expect to invest in substantially all of the capital expenditures through 2025. The capital expenditures primarily relate to optimization of production within our Meals & Beverages manufacturing network, a U.S. warehouse optimization project, improvement of quality, safety and cost structure across the Snyder's-Lance manufacturing network, optimization of information technology infrastructure and applications, enhancements to our headquarters in Camden, New Jersey, implementation of our existing SAP enterprise-resource planning system for Snyder's-Lance, and optimization of the Snyder's-Lance warehouse and distribution network.

We expect to fund the costs through cash flows from operations and short-term borrowings.

We expect the initiatives, once all phases are implemented, to generate annual ongoing savings of approximately \$1 billion by the end of 2025. As of April 28, 2024, we have generated total program-to-date pre-tax savings of \$940 million.

Segment operating results do not include restructuring charges, implementation costs and other related costs because we evaluate segment performance excluding such charges. A summary of the pre-tax costs associated with segments is as follows:

(Millions)	April 28, 2024		
	Three Months Ended	Nine Months Ended	Costs Incurred to Date
Meals & Beverages	\$ 7	\$ 16	\$ 267
Snacks	—	30	375
Corporate	8	18	213
Total	\$ 15	\$ 64	\$ 855

Other Optimization Initiatives

In the second quarter of 2024, we began implementation of a new initiative to improve the effectiveness of our Snacks direct-store-delivery route-to-market network. Pursuant to this initiative we will purchase certain Pepperidge Farm and Snyder's-Lance routes where there are opportunities to unlock greater scale in select markets, combine them and sell the combined routes to independent contractor distributors. We expect to execute this program in a staggered rollout and to incur expenses of up to approximately \$115 million through 2029. In the three-month period ended April 28, 2024, we incurred \$5 million in Marketing and selling expenses related to this initiative.

Sovos Brands Integration Initiatives

On March 12, 2024, we completed the acquisition of Sovos Brands. See Note 3 for additional information. We have identified opportunities for cost synergies as we integrate Sovos Brands. Cost estimates to achieve the synergies are continuing to be developed. The total expected pre-tax costs and timing of when we expect to incur those costs, as well as the expected future cash expenditures, will be updated as detailed plans are developed. We expect the pre-tax costs to be associated primarily with the Meals & Beverages segment.

In the three-month period ended April 28, 2024, we recorded Restructuring charges of \$16 million of severance pay and benefits related to initiatives to achieve the synergies.

We expect the initiatives, once all phases are implemented, to generate annual ongoing savings of approximately \$50 million by the end of 2026. As of April 28, 2024, we have generated pre-tax savings of \$3 million.

Segment operating results do not include restructuring charges, nor implementation and integration costs because we evaluate segment performance excluding such charges. The costs incurred in the three-month period ended April 28, 2024 were associated with the Meals & Beverages segment.

LIQUIDITY AND CAPITAL RESOURCES

We expect foreseeable liquidity and capital resource requirements to be met through anticipated cash flows from operations; long-term borrowings; short-term borrowings, which may include commercial paper; credit facilities; and cash and cash equivalents. We believe that our sources of financing will be adequate to meet our future requirements.

We generated cash flows from operations of \$897 million in 2024, compared to \$918 million in 2023. The decline in 2024 was primarily due to costs associated with the acquisition.

We had negative working capital of \$1.318 billion as of April 28, 2024, and \$161 million as of July 30, 2023. Current assets were less than current liabilities, which included debt maturing in one year, due to a focus on lowering core working capital requirements. Total debt maturing within one year was \$1.427 billion as of April 28, 2024, and \$191 million as of July 30, 2023. We have \$1.15 billion aggregate principal amount of senior notes maturing in March 2025 that we expect to repay and/or refinance using available sources, which may include cash on hand, accessing the capital markets, commercial paper and/or revolving credit facility.

As part of our focus to lower core working capital requirements, we have worked with our suppliers to optimize our terms and conditions, including the extension of payment terms. Our current payment terms with our suppliers, which we deem to be commercially reasonable, generally range from 0 to 120 days. We also maintain agreements with third-party administrators that allow participating suppliers to track payment obligations from us, and, at the sole discretion of the supplier, sell those payment obligations to participating financial institutions. Our obligations to our suppliers, including amounts due and scheduled payment terms, are not impacted. Supplier participation in these agreements is voluntary. We have no economic interest in a supplier's decision to enter into these agreements and no direct financial relationship with the financial institutions. We have not pledged assets as security or provided any guarantees in connection with these arrangements. The payment of these obligations is included in cash provided by operating activities in the Consolidated Statements of Cash Flows. Amounts outstanding under these programs, which are included in Accounts payable on the Consolidated Balance Sheets, were approximately \$260 million at April 28, 2024 and July 30, 2023.

On March 12, 2024, we completed the acquisition of Sovos Brands. Cash consideration was \$2.857 billion. The acquisition was funded through the 2024 DDTL Credit Agreement of \$2 billion and cash on hand.

Capital expenditures were \$376 million in 2024 and \$257 million in 2023. Capital expenditures are expected to total approximately \$500 million in 2024. Capital expenditures in the first nine months of 2024 included chip and cracker capacity expansion for our Snacks business, upgrades of assets across both segments of the business, enhancements to our headquarters in Camden, New Jersey and network optimization for our Meals & Beverages business.

In Snacks, we have a direct-store-delivery distribution model that uses independent contractor distributors. From time to time, we purchase and sell routes. The purchase and sale proceeds of the routes are reflected in investing activities.

Dividend payments were \$334 million in 2024 and \$336 million in 2023. The regular quarterly dividend paid on our capital stock was \$.37 per share in both the third quarter of 2024 and 2023. On February 28, 2024, the Board of Directors declared a regular quarterly dividend of \$.37 per share payable on April 29, 2024 to shareholders of record at the close of business on April 4, 2024. On May 13, 2024, the Board of Directors declared a regular quarterly dividend of \$.37 per share payable on July 29, 2024 to shareholders of record at the close of business on July 3, 2024.

In June 2021, the Board authorized an anti-dilutive share repurchase program of up to \$250 million (June 2021 program) to offset the impact of dilution from shares issued under our stock compensation programs. The June 2021 program has no expiration date, but it may be suspended or discontinued at any time. Repurchases under the anti-dilutive program may be made in open-market or privately negotiated transactions. In September 2021, the Board approved a strategic share repurchase program of up to \$500 million (September 2021 program). The September 2021 program has no expiration date, but it may be suspended or discontinued at any time. Repurchases under the September 2021 program may be made in open-market or privately negotiated transactions. We repurchased 1.08 million shares at a cost of \$46 million in 2024 pursuant to our June 2021 program. As of April 28, 2024, approximately \$58 million remained available under the June 2021 program and approximately \$301 million remained available under the September 2021 program. We repurchased 2.692 million shares at a cost of \$141 million in 2023. See Note 14 to the Consolidated Financial Statements and “Unregistered Sales of Equity Securities and Use of Proceeds” for additional information.

On October 10, 2023, we entered into the 2024 DDTL Credit Agreement totaling up to \$2 billion scheduled to mature on October 8, 2024. Loans under the 2024 DDTL Credit Agreement bear interest at the rates specified in the 2024 DDTL Credit Agreement, which vary based on the type of loan and certain other conditions. The 2024 DDTL Credit Agreement contains customary representations and warranties, affirmative and negative covenants, including a financial covenant with respect to a minimum consolidated interest coverage ratio of consolidated adjusted EBITDA to consolidated interest expense (as each is defined in the 2024 DDTL Credit Agreement) of not less than 3.25:1.00, and events of default for credit facilities of this type. The proceeds of the loans under the 2024 DDTL Credit Agreement could only be used in connection with the acquisition of Sovos Brands and the payment of fees and expenses incurred in connection therewith. On March 12, 2024, we borrowed \$2 billion under the 2024 DDTL Credit Agreement and used the proceeds in order to fund the acquisition of Sovos Brands, along with the fees and expenses incurred in connection therewith.

In August 2023, we filed a registration statement with the Securities and Exchange Commission that registered an indeterminate amount of debt securities. Under the registration statement we may issue debt securities from time to time, depending on market conditions. On March 19, 2024, pursuant to the registration statement, we issued senior unsecured notes of \$2.5 billion, consisting of:

- \$400 million aggregate principal amount of notes bearing interest at a fixed rate of 5.30% per annum, due March 20, 2026, with interest payable semi-annually on each of March 20 and September 20 commencing September 20, 2024;
- \$500 million aggregate principal amount of notes bearing interest at a fixed rate of 5.20% per annum, due March 19, 2027, with interest payable semi-annually on each of March 19 and September 19 commencing September 19, 2024;
- \$600 million aggregate principal amount of notes bearing interest at a fixed rate of 5.20% per annum, due March 21, 2029, with interest payable semi-annually on each of March 21 and September 21 commencing September 21, 2024; and
- \$1 billion aggregate principal amount of notes bearing interest at a fixed rate of 5.40% per annum, due March 21, 2034, with interest payable semi-annually on each of March 21 and September 21 commencing September 21, 2024.

The notes contain customary covenants and events of default. If a change of control triggering event occurs, we will be required to offer to purchase the notes at a purchase price equal to 101% of the principal amount plus accrued and unpaid interest, if any, to the purchase date. We used the net proceeds from the sale of the notes to repay the \$2 billion of outstanding borrowings under the 2024 DDTL Credit Agreement used to fund the Sovos Brands acquisition, including fees and expenses in connection therewith, and the remainder of the net proceeds to repay commercial paper.

On April 5, 2024, we repaid \$100 million of the \$500 million outstanding under our Delayed Draw Term Loan Credit Agreement (the 2022 DDTL Credit Agreement) due November 15, 2025.

As of April 28, 2024, we had \$1.427 billion of short-term borrowings due within one year, of which \$258 million was comprised of commercial paper borrowings. As of April 28, 2024, we issued \$28 million of standby letters of credit.

On April 16, 2024, we terminated our existing revolving credit facility dated September 27, 2021 (as amended on April 4, 2023). On April 16, 2024, we entered into a Five-Year Credit Agreement for an unsecured, senior revolving credit facility (the 2024 Revolving Credit Facility Agreement) in an aggregate principal amount equal to \$1.85 billion with a maturity date of April 16, 2029 or such later date as extended pursuant to the terms set forth in the 2024 Revolving Credit Facility Agreement. The 2024 Revolving Credit Facility Agreement remained unused at April 28, 2024, except for \$1 million of standby letters of credit that we issued under it. We may increase the 2024 Revolving Credit Facility Agreement commitments up to an additional \$500 million, subject to the satisfaction of certain conditions. Loans under the 2024 Revolving Credit Facility Agreement will bear interest at the rates specified in the 2024 Revolving Credit Facility Agreement, which vary based on the type of loan and certain other conditions. The 2024 Revolving Credit Facility Agreement contains customary covenants, including a financial covenant with respect to a minimum consolidated interest coverage ratio of consolidated adjusted EBITDA to consolidated interest expense of not less than 3.25:1.00, and customary events of default for credit facilities of this type. The facility supports our commercial paper program and other general corporate purposes. We expect to continue to access the commercial paper markets, bank credit lines and utilize cash flows from operations to support our short-term liquidity requirements.

We are in compliance with the covenants contained in our credit facilities and debt securities.

CRITICAL ACCOUNTING ESTIMATES

We prepare our consolidated financial statements in conformity with accounting principles generally accepted in the United States. The preparation of these financial statements requires the use of estimates, judgments and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the periods presented. Actual results could differ from those estimates and assumptions. Our significant accounting policies are described in Note 1 to the Consolidated Financial Statements in the Annual Report on Form 10-K for the year ended July 30, 2023 (2023 Annual Report on Form 10-K). The accounting policies we used in preparing these financial statements are substantially consistent with those we applied in our 2023 Annual Report on Form 10-K. Our critical accounting estimates are described in Management's Discussion and Analysis included in the 2023 Annual Report on Form 10-K.

RECENT ACCOUNTING PRONOUNCEMENTS

See Note 2 to the Consolidated Financial Statements for information on recent accounting pronouncements.

FORWARD-LOOKING STATEMENTS

This Report contains "forward-looking" statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements can be identified by words such as "anticipate," "believe," "estimate," "expect," "intend," "plan," "pursue," "strategy," "target," "will" and similar expressions. They rely on several assumptions regarding future events and estimates which could be inaccurate and which are inherently subject to risks and uncertainties.

We wish to caution the reader that the following important factors and those important factors described in our other Securities and Exchange Commission filings, or in our 2023 Annual Report on Form 10-K, could affect our actual results and could cause such results to vary materially from those expressed in any forward-looking statements made by, or on behalf of, us:

- the risk that the cost savings and any other synergies from the Sovos Brands transaction may not be fully realized or may take longer or cost more to be realized than expected, including that the Sovos Brands transaction may not be accretive within the expected timeframe or the extent anticipated;
- the risks related to the availability of, and cost inflation in, supply chain inputs, including labor, raw materials, commodities, packaging and transportation;

- risks related to the effectiveness of our hedging activities and our ability to respond to volatility in commodity prices;
- our ability to manage changes to our organizational structure and/or business processes, including selling, distribution, manufacturing and information management systems or processes;
- changes in consumer demand for our products and favorable perception of our brands;
- changing inventory management practices by certain of our key customers;
- a changing customer landscape, with value and e-commerce retailers expanding their market presence, while certain of our key customers maintain significance to our business;

- unforeseen business disruptions or other impacts due to political instability, civil disobedience, geopolitical conflicts, extreme weather conditions, natural disasters, pandemics or other outbreaks of disease or other calamities.

This discussion of uncertainties is by no means exhaustive but is designed to highlight important factors that may impact our outlook. We disclaim any obligation or intent to update forward-looking statements made by us in order to reflect new information, events or circumstances after the date they are made.

Item 3. *Quantitative and Qualitative Disclosure About Market Risk*

For information regarding our exposure to certain market risk, see Item 7A, Quantitative and Qualitative Disclosure About Market Risk, in the 2023 Annual Report on Form 10-K. During the nine-month period ended April 28, 2024, we entered into forward starting interest rate swaps accounted for as cash-flow hedges with a notional value of \$1.1 billion related to an anticipated issuance of debt. In March 2024, we settled these forward starting swaps at a loss of \$11 million. The loss on these instruments was recorded in other comprehensive income (loss) and will be recognized as additional interest expense over the 10-year, 5-year, and 3-year lives of the debt issued in March 2024. There were no forward starting interest rate swaps or treasury lock contracts outstanding as of April 28, 2024 and July 30, 2023.

Item 4. Controls and Procedures

a. Evaluation of Disclosure Controls and Procedure

We, under the supervision and with the participation of our management, including the President and Chief Executive Officer and the Executive Vice President and Chief Financial Officer, have evaluated the effectiveness of our disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended) as of April 28, 2024 (Evaluation Date). Based on such evaluation, the President and Chief Executive Officer and the Executive Vice President and Chief Financial Officer have concluded that, as of the Evaluation Date, our disclosure controls and procedures are effective.

b. Changes in Internal Control

There were no changes in our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Securities Exchange Act of 1934, as amended) that materially affected, or are likely to materially affect, such internal control over financial reporting during the quarter ended April 28, 2024, except as noted below.

On March 12, 2024, we completed the acquisition of Sovos Brands. See Note 3 to the Consolidated Financial Statements for additional information. In connection with the integration of Sovos Brands, we are in the process of analyzing and evaluating our internal controls over financial reporting. This process may result in additions or changes to our internal control over financial reporting.

We will exclude Sovos Brands' operations from the scope of our annual assessment of the effectiveness of internal control over financial reporting for the year ending July 28, 2024 in accordance with the Securities and Exchange Commission guidance. Such guidance permits management to omit an assessment of an acquired business' internal control over financial reporting from management's assessment of internal control over financial reporting for a period not to exceed one year.

AMENDED AND RESTATED
CHANGE IN CONTROL
SEVERANCE PROTECTION AGREEMENT

THIS AMENDED AND RESTATED AGREEMENT (this “*Agreement*”) is made as of _____ (the “*Effective Date*”) by and between Campbell Soup Company (the “*Company*”) and _____ (the “*Executive*”).

WHEREAS, the Board of Directors of the Company (the “*Board*”) recognizes that the possibility of a Change in Control (as hereinafter defined) exists and that the threat of, or the occurrence of, a Change in Control may result in the departure or in significant distractions of its key management personnel because of the uncertainties inherent in such a situation;

WHEREAS, the Board has, as recommended and approved by the Compensation and Organization Committee (the “*Committee*”), determined that it is essential and in the best interest of the Company and its stockholders to retain the services of the Executive in the event of a threat or occurrence of a Change in Control and to ensure the Executive’s continued dedication and efforts in such event without undue concern for the Executive’s personal financial and employment security; and

WHEREAS, in order to induce the Executive to remain in the employ of the Company and to encourage the continued attention and dedication of the Executive, particularly in the event of a threat or the occurrence of a Change in Control, the Company desires to enter into this Agreement with the Executive to provide the Executive with certain benefits in the event the Executive’s employment is terminated as a result of, or in connection with, a Change in Control.

NOW, THEREFORE, in consideration of the respective agreements of the parties contained herein, it is agreed as follows:

1. Term of Agreement. The term of this Agreement (the “*Term*”) shall commence on the Effective Date and shall continue in effect until the third anniversary of the Effective Date; provided, however, that commencing on the second anniversary of the Effective Date and on each anniversary thereafter, the Term of this Agreement shall automatically be extended for one (1) year unless either the Company or the Executive shall have given written notice to the other at least ninety (90) days prior thereto that the Term of this Agreement shall not be so extended; and provided, further, however, that notwithstanding any such notice by the Company not to extend, the Term shall not expire prior to the second anniversary of a Change in Control that occurs prior to the end of the Term.
2. Definitions.
 - a. “*Cause*” means a termination evidenced by a resolution adopted in good faith by no less than two-thirds of the Board that the Executive (i) intentionally and

continually failed to substantially perform the Executive's duties to the Company (other than a failure resulting from the Executive's incapacity due to physical or mental illness) which failure continued for a period of at least thirty (30) days after written notice having been delivered to the Executive by the Company specifying the manner in which the Executive has failed to substantially perform, or (ii) intentionally engaged in conduct which is demonstrably and materially injurious to the Company, monetarily, or otherwise; *provided, however*, that no termination of the Executive's employment shall be for Cause under this clause (ii) until (x) the Company delivers written notice to the Executive stating that the Executive was guilty of the conduct set forth in clause (ii) and specifying the particulars thereof in detail, and (y) the Executive shall have been provided an opportunity to be heard by the Board (with the assistance of the Executive's counsel if the Executive so desires). No act, nor failure to act, on the Executive's part, shall be considered "intentional" unless the Executive has acted, or failed to act, with an absence of good faith and without a reasonable belief that the Executive's action or failure to act was in the best interest of the Company. Notwithstanding anything in this Agreement to the contrary, the Executive's failure to perform after a Notice of Termination is given by the Executive shall not constitute Cause for purposes of this Agreement.

- b. "*Change in Control*" shall have the meaning ascribed to such term in the Campbell Soup Company 2022 Long-Term Incentive Plan (the "*Equity Plan*") as of the date hereof as interpreted by the Committee (as defined in the Equity Plan).
- c. "*Disability*" means a physical or mental infirmity that (notwithstanding accommodation) impairs the Executive's ability to substantially perform the Executive's duties under this Agreement for a continuous period of one hundred eighty (180) days. Any question as to the existence of a Disability upon which the Executive and the Company cannot agree will be determined by a qualified independent physician selected by the Executive and the Company. If the Company and the Executive cannot agree on a physician, the Chief of Staff of Thomas Jefferson Hospital in Philadelphia, Pennsylvania shall select a physician. The determination of such physician made in writing to the Company and to the Executive shall be final and conclusive for all purposes of this Agreement.
- d. "*Good Reason*" means the occurrence during the Protection Period (as defined below) of any of the following events or conditions (as applicable):
 - i. a material adverse change in the Executive's position or responsibilities (including reporting responsibilities); the assignment to the Executive of any duties or responsibilities which, in the Executive's reasonable judgment, are inconsistent with the Executive's status, position or responsibilities; or any removal of the Executive from or failure to reappoint or reelect the Executive to any of such offices or positions, except in connection with the termination of the Executive's employment for Disability, Cause, death or by the Executive other than for Good Reason;

- ii. a reduction in the Executive's base salary or any failure to pay the Executive any compensation or benefits to which the Executive is entitled within thirty (30) days of the date due;
- iii. requiring the Executive to move to any place outside a 50-mile radius from the Executive's principal place of employment, except for reasonably required travel on the Company's business;
- iv. the failure by the Company to either (A) continue in effect (without reduction in benefit level, and/or reward opportunities) any compensation or employee benefit plan in which the Executive was participating, unless a substitute or replacement plan has been implemented which provides substantially identical compensation or benefits (including target value of equity awards) to the Executive or (B) provide the Executive with compensation and benefits, in the aggregate, at least equal (in terms of benefit levels and/or reward opportunities) to those provided for under each other compensation or employee benefit plan, program and practice as in effect immediately prior to (I) the Change in Control (or as in effect following the Change in Control, if greater) or (II) Termination Date for a Pre CIC Termination (as defined below), as applicable;
- v. any material breach by the Company of any provision of this Agreement;
- vi. any purported termination of the Executive's employment for Cause by the Company which does not comply with the terms of Section 2(a); or
- vii. the failure of the Company to obtain an agreement, satisfactory to the Executive, from any successor or assign of the Company to assume and agree to perform this Agreement, as contemplated in Section 7 hereof.

A Good Reason termination shall not occur unless the Executive gives notice to the Company that an event or condition described in Sections 2(d)(i) through (vii) has occurred within a time period not to exceed ninety (90) days from the date of first occurrence of one of these events or conditions, and the Company shall have at least thirty (30) days from the time of that notice in which to remedy the event or condition described in Sections 2(d)(i) through (vii). The Executive's right to terminate Executive's employment pursuant to this Section 2(d) shall not be affected by Executive's incapacity due to physical or mental illness.

- e. "*Protection Period*" means (i) the period commencing on the earlier to occur of (1) a public announcement by the Company of a transaction that results in a Change in Control; and (2) the entry by the Company into a definitive agreement that results in a Change in Control, and ending upon the occurrence of a Change in Control (such period, the "*Pre CIC Protection Period*" and a termination that occurs during such period is hereinafter referred to as a "*Pre CIC Termination*"); and (ii) the twenty-four (24) month period immediately following a Change in Control (a termination that occurs during such period is hereinafter referred to as a "*Post CIC Termination*"); provided that, if prior to the commencement of the Pre CIC Protection Period, the Board, a committee of the Board, or an officer (or

officers) of the Company authorized to take such action (if Board action is not required) approves a restructuring or internal reorganization of the Company that results in the termination of the Executive's employment during the Pre CIC Protection Period, then the Executive's termination of employment shall be deemed to be unrelated to the Change in Control, shall be deemed to have occurred outside of the "Protection Period" for purposes of this Agreement and, as a result, the Executive shall not be entitled to the compensation and benefits under this Agreement.

3. Severance and Benefits. If, during the Term, the Executive's employment with the Company is terminated during the Protection Period, the Executive shall be entitled to the following compensation and benefits:
- a. If the Executive's employment with the Company is terminated during the Protection Period (1) by the Company for Cause or Disability, (2) by reason of the Executive's death, or (3) by the Executive for any reason other than for Good Reason, the Company shall pay the Executive all amounts earned or accrued but not paid as of the Termination Date (as hereinafter defined), including (i) base salary, (ii) reimbursement for reasonable and necessary expenses incurred by the Executive on behalf of the Company prior to the Termination Date, and (iii) vacation pay (collectively, "*Accrued Compensation*"). In addition to the foregoing, if the Executive's employment is terminated during the Protection Period, by the Company for Disability or by reason of the Executive's death, the Company shall pay to the Executive or Executive's beneficiaries (as applicable) an amount equal to the Pro Rata Bonus (as hereinafter defined). The "*Pro Rata Bonus*" is an amount equal to the Bonus Amount (as hereinafter defined) multiplied by a fraction the numerator of which is the number of days in such fiscal year through the Termination Date and the denominator of which is 365. The term "*Bonus Amount*" shall mean the greater of the (x) Executive's target bonus (or if expressed as a range, the average of the low and high incentive targets of the range for each level) under the Campbell Soup Company Annual Incentive Plan (or any substitute or successor annual incentive plan) for the fiscal year in which the Termination Date occurs and (y) average of the annual bonuses paid or payable to the Executive during the two full fiscal years immediately prior to the Termination Date. Executive's entitlement to any other compensation or benefits shall be determined in accordance with the Company's employee benefit plans and other applicable programs and practices then in effect.
 - b. If the Executive's employment with the Company is terminated during the Protection Period (1) by the Company without Cause (excluding by reason of Executive's death or Disability) or (2) by the Executive for Good Reason, the Executive shall be entitled to the following benefits:
 - i. All Accrued Compensation and the Pro-Rata Bonus (each as defined in Section 3(a)).
 - ii. As severance pay, and in lieu of any other compensation for periods subsequent to the Termination Date, a single lump sum cash payment (the

“*Severance Amount*”) equal to the amount set forth in paragraph (1) on Schedule A.

- iii. For a number of months equal to the number of months set forth in paragraph (2) on Schedule A (the “*Continuation Period*”), the Company shall at its expense continue to provide the Executive and the Executive’s dependents and beneficiaries with life insurance and medical benefits in an amount equal to the greater of: (x) the greater of (as applicable) (1) such benefits provided to the Executive at any time during the 90-day period immediately prior to the Change in Control (or Termination Date for a Pre CIC Termination) or (2) the benefits provided to the Executive at any time following the Change in Control and (y) the benefits provided to other similarly situated executives who continue in the employ of the Company during the Continuation Period. The coverage and benefits (including deductibles and costs) provided in this Section 3(b)(iii) during the Continuation Period shall be no less favorable to the Executive and the Executive’s dependents and beneficiaries, than the most favorable of such coverages and benefits provided during any of the periods referred to in clauses (x) and (y) above. The Company’s obligation hereunder with respect to the foregoing benefits shall be limited to the extent that the Executive obtains any such benefits pursuant to a subsequent employer’s benefit plans, in which case the Company may reduce the coverage of any benefits it is required to provide the Executive hereunder as long as the aggregate coverages and benefits of the combined benefit plans is no less favorable to the Executive than the coverages and benefits required to be provided hereunder. This subsection (iii) shall not be interpreted so as to limit any benefits to which the Executive or the Executive’s dependents or beneficiaries may be entitled under any of the Company’s employee benefit plans, programs or practices following the Executive’s termination of employment, including without limitation, life insurance benefits.
- iv. A single lump sum cash payment equal to the actuarial equivalent of the excess of (A) the Supplemental Retirement Benefit (determined as a straight life annuity commencing at age 65) over (B) the lump sum actuarial equivalent of the aggregate retirement benefit the Executive has actually accrued under such retirement plans as of the Termination Date (determined as a straight life annuity commencing at age 65). For purposes of this subsection (iv), the “*Supplemental Retirement Benefit*” shall mean the lump sum actuarial equivalent of the aggregate retirement benefit the Executive would have been entitled to receive under the Company’s supplemental and other retirement plans (as applicable) including, but not limited to, the Campbell Soup Company 401(k) Retirement Plan and the Campbell Soup Company Supplemental Retirement Plan (as applicable) determined as if (w) the Executive remained employed by the Company and accumulated additional months of credited service as set forth in paragraph (3) on Schedule A (but in no event shall the Executive be deemed to have accumulated additional credited service after attaining age 65), (x) Executive’s annual compensation during such period had been

equal to the sum of (A) the greater of (as applicable) (1) the Executive's annual base salary in effect at any time during the 90-day period immediately prior to the Change in Control (or the delivery of a Notice of Termination in the event of a Pre CIC Termination) and (2) the Executive's annual base salary in effect at any time following the Change in Control and (B) the Bonus Amount, (y) the Company and/or the Subsidiary or division made employer contributions to each defined contribution plan (including the Campbell Soup Company Supplemental Retirement Plan) in which the Executive was a participant at the Termination Date (in an amount equal to the amount of such contribution for the applicable plan year immediately preceding the Termination Date) and (z) the Executive had been fully (100%) vested in the Executive's benefit under each retirement plan in which the Executive was a participant. For purposes of this subsection (iv), the "actuarial equivalent" shall be determined in accordance with the actuarial assumptions used for the calculation of benefits under the Company Retirement and Pension Plan as applied in accordance with such plan's past practices.

- v. Following a Change in Control, to the extent permitted by applicable law, the Executive may require the Company to repurchase up to one-hundred percent (100%) of the Executive's unrestricted shares of Company common stock received in connection with the settlement or exercise of Equity Awards (as defined below) for Fair Market Value (as defined in the Equity Plan) (the "Put Right"). Fair Market Value shall be determined as of the day immediately prior to the date on which the Executive delivers written notice to the Company of the Executive's decision to exercise the Put Right, and the Company shall effect the repurchase within 30 days following receipt of such written notice. The repurchase price shall be payable in cash or cash equivalent. The Put Right must be exercised no later than three months following the Termination Date. For the avoidance of doubt, in the event the Executive's Termination Date is more than three months prior to the date of the Change in Control, the Put Right shall not be applicable to the Executive.
- vi. The cash amounts provided for in this Section 3(b), shall be paid (i) within thirty (30) days after the Executive's Termination Date if the termination is a Post CIC Termination; or (ii) within thirty (30) days following a Change in Control if the termination is a Pre CIC Termination.
- c. The Executive shall not be required to mitigate the amount of any payment provided for in this Agreement by seeking other employment or otherwise and no such payment shall be offset or reduced by the amount of any compensation or benefits provided to the Executive in any subsequent employment except as provided in Section 3(b)(iii).
- d. The severance pay and benefits provided for in this Section 3 shall be in lieu of any other severance pay to which the Executive may be entitled under any

Company severance plan, program or arrangement. If in connection with a Pre CIC Termination (during the Protection Period) the Executive receives any severance payments or benefits under any Company severance plan, program or arrangement (including the Campbell Soup Company Executive Severance Pay Plan or the Campbell Soup Company Severance Pay Plan for Salaried Employees, as applicable), such payments or benefits, and the Executive's participation in such plan, program or arrangement shall cease upon the occurrence of a Change in Control and any further severance payments or benefits shall be provided in accordance with this Agreement; provided, however, (1) that any amounts payable under Section 3(b)(ii) of this Agreement shall be reduced (on a dollar for dollar basis) by the amount of cash severance that the Executive has received prior to the Change in Control under any other Company severance plan, program or arrangement; and (2) the Continuation Period shall be reduced (on a month for month basis) by the number of months during which the Executive received life insurance and medical benefits, as applicable, prior to the Change in Control under any other Company severance plan, program or arrangement.

4. Treatment of Equity Awards.

- a. Upon and following a Change in Control (including upon the occurrence of a Post CIC Termination, if applicable), the Executive's equity incentive awards granted under the Equity Plan or the Campbell Soup Company 2015 Long-Term Incentive Plan (the "*Equity Awards*") shall be governed by the terms of Section 12.3 of the Equity Plan as in effect from time to time (subject to the amendment limitations set forth in Section 12.4 of the Equity Plan). For the avoidance of doubt, the terms of Section 12.3 of the Equity Plan shall apply to Equity Awards granted under the Campbell Soup Company 2015 Long-Term Incentive Plan as if such Equity Awards had been granted under the Equity Plan.
- b. Upon the occurrence of a Pre CIC Termination (1) by the Company without Cause (excluding by reason of Executive's death or Disability) or (2) by the Executive for Good Reason, the provisions set forth on Schedule B shall apply to the Equity Awards.
- c. The foregoing shall not prohibit the Company from making a payment to the Executive in respect of the Equity Award on an earlier date, upon or within thirty days following a Change in Control, to the extent such payment would not result in additional taxes under Section 409A.

5. Notice of Termination. Any purported termination of the Executive's employment by the Company or by the Executive (other than a termination due to the Executive's death) shall be communicated by a written Notice of Termination to the other party in accordance with Section 10. For purposes of this Agreement, a "Notice of Termination" shall mean a notice which indicates the specific termination provision in this Agreement relied upon and shall set forth in reasonable detail the facts and circumstances that provide a basis for a termination of the Executive's employment under the provision so indicated. For purposes of this Agreement, no such purported termination (other than a

termination due to the Executive's death) shall be effective without such Notice of Termination.

6. Termination Date. For purposes of this Agreement, "Termination Date" means, in the case of the Executive's death, the date of the Executive's death, and in all other cases, the date specified in the Notice of Termination subject to the following:
- a. If the Executive's employment is terminated by the Company for Cause or due to Disability, the date specified in the Notice of Termination shall be at least thirty (30) days from the date the Notice of Termination is given to the Executive, *provided* that in the case of Disability the Executive shall not have returned to the full-time performance of the Executive's duties during such period; and
 - b. If the Executive resigns for Good Reason, the date specified in the Notice of Termination shall not be more than sixty (60) days from the date the Notice of Termination is given to the Company.
 - c. Notwithstanding any other provision in this Agreement to the contrary, the termination of the Executive's employment in connection with a Change in Control that results in the sale, divestiture or other disposition of a division, group or business unit of the Company (or part thereof) at which the Executive was employed at the time of such sale, divestiture or other disposition, shall not be deemed to be a termination of employment of the Executive for purposes of this Agreement, *provided* (i) the Executive is offered employment by the purchaser or acquiror of such division, group or business unit of the Company on terms (including, without limitation, those relating to position, compensation, employee benefits and principal place of employment) that are substantially similar to those provided by the Company to the Executive immediately prior to such sale, divestiture or other disposition and (ii) the Company obtains an agreement from such purchaser or acquiror as contemplated in Section 7(c). If the requirements of this Section 6(c)(i) and (c)(ii) are satisfied, the Executive shall not be entitled to any benefits from the Company under this Agreement as a result of such sale, divestiture, or other disposition, or as a result of any subsequent termination of employment.
7. Successors; Binding Agreement.
- a. This Agreement shall be binding upon and shall inure to the benefit of the Company, its successors and assigns and the Company shall require any successor or assign to expressly assume and agree to perform this Agreement in the same manner and to the same extent that the Company would be required to perform it if no such succession or assignment had taken place. In such event, the term "the *Company*" as used herein shall include such successors and assigns. The term "*successors and assigns*" as used herein shall mean a corporation or other entity acquiring all or substantially all the assets and business of the Company (including this Agreement) whether by operation of law or otherwise.

- b. Neither this Agreement nor any right or interest hereunder shall be assignable or transferable by the Executive, his beneficiaries or legal representatives, except by will or by the laws of descent and distribution. This Agreement shall inure to the benefit of and be enforceable by the Executive's legal personal representative.
 - c. In the event that one or more divisions, groups and business units of the Company (or parts thereof) that the Executive is primarily associated with (or part thereof) are sold, divested, or otherwise disposed of by the Company in connection with or subsequent to a Change in Control, the Company shall require such purchaser or acquiror, as a condition precedent to such purchase or acquisition, to assume, and agree to perform the Company's obligations under this Agreement, in the same manner, and to the same extent that the Company would be required to perform if no such acquisition or purchase had taken place. In such circumstances, the purchaser or acquiror shall be solely responsible for providing any payments or benefits payable under this Agreement to the Executive.
8. Fees and Expense. The Company shall pay all reasonable legal fees and related expenses (including the costs of experts, evidence and counsel) incurred by the Executive as they become due as a result of (a) the Executive's termination of employment (including all such fees and expenses, if any, incurred in contesting or disputing any such termination of employment), (b) the Executive seeking to obtain or enforce any right or benefit provided by this Agreement or by any other plan or arrangement maintained by the Company under which the Executive is or may be entitled to receive benefits, or (c) the Executive's hearing before the Board as contemplated in Section 2(a) of this Agreement; provided, however, that the circumstances set forth in clauses (a) and (b) occurred during or after the Protection Period.
9. Order of Payment. In the event that the severance and other benefits provided for in this Agreement or otherwise payable to you (a) constitute "parachute payments" within the meaning of Section 280G of the Internal Revenue Code of 1986, as amended (the "*Code*") and (b) but for this provision, would be subject to the excise tax imposed by Section 4999 of the Code, then Executive's severance, vesting and other benefits under this Agreement shall be payable either (i) in full, or (ii) as to such lesser amount which would result in no portion of such severance and other benefits being subject to the excise tax under Section 4999 of the Code, whichever of the foregoing amounts, taking into account the applicable federal, state and local income taxes and the excise tax imposed by Section 4999, results in the receipt by Executive on an after-tax basis, of the greatest amount of severance benefits under this Agreement notwithstanding that all or some portion of such severance benefits may be taxable under Section 4999 of the Code. Any reduction shall be made in the following manner: first a pro rata reduction of (i) cash payments subject to Section 409A and the regulations and authoritative guidance promulgated thereunder to the extent applicable (collectively, "*Section 409A*") as deferred compensation and (ii) cash payments not subject to Section 409A, and second a pro rata cancellation of (i) equity-based compensation subject to Section 409A as deferred compensation and (ii) equity-based compensation not subject to Section 409A. Reduction in either cash payments or equity compensation benefits shall be made pro-rata between and among benefits which are subject to Section 409A and benefits which are exempt from Section 409A. The Accountants (as defined below) shall take into account

the value of, services provided or to be provided by the Executive (including, without limitation, the Executive's agreeing to refrain from performing services pursuant to a covenant not to compete or similar covenant, before, on or after the date of a change in ownership or control of the Company (within the meaning of Q&A-2(b) of the final regulations under Section 280G of the Code), such that payments in respect of such services may be considered reasonable compensation within the meaning of Q&A-9 and Q&A-40 to Q&A-44 of the final regulations under Section 280G of the Code and/or exempt from the definition of the term "parachute payment" within the meaning of Q&A-2(a) of the final regulations under Section 280G of the Code in accordance with Q&A-5(a) of the final regulations under Section 280G of the Code. Unless the Company and you otherwise agree in writing, any determination required under this provision shall be made in writing by the Company's independent public accountants (the "Accountants"), whose determination shall be conclusive and binding upon you and the Company for all purposes. For purposes of making the calculations required by this provision, the Accountants may make reasonable assumptions and approximations concerning applicable taxes and may rely on reasonable, good faith interpretations concerning the application of Sections 280G and 4999 of the Code. The Company and you shall furnish to the Accountants such information and documents as the Accountants may reasonably request in order to make a determination under this provision. The Company shall bear all costs the Accountants may reasonably incur in connection with any calculations contemplated by this provision.

10. Notice. For the purposes of this Agreement, notices and all other communications provided for in the Agreement (including the Notice of Termination) shall be in writing and shall be deemed to have been duly given when personally delivered or sent by certified mail, return receipt requested, postage prepaid, addressed to the respective addresses last given by each party to the other, provided that all notices to the Company shall be directed to the attention of the Board with a copy to the Secretary of the Company. All notices and communications shall be deemed to have been received on the date of delivery thereof or on the third business day after the mailing thereof, except that notice of change of address shall be effective only upon receipt.
11. Non-exclusivity of Rights. Nothing in this Agreement shall prevent or limit the Executive's continuing or future participation in any benefit, bonus, incentive or other plan or program provided by the Company or any of its subsidiaries and for which the Executive may qualify, nor shall anything herein limit or reduce such rights as the Executive may have under any other agreements with the Company or any of its subsidiaries; provided, however, to the extent that the Executive receives benefits under this Agreement, the Executive will not be entitled to severance pay or benefits under any other severance plan, program, policy or arrangement of the Company (including, without limitation, the Campbell Soup Company Executive Severance Pay Plan and the Campbell Soup Company Severance Pay Plan for Salaried Employees). Amounts which are vested benefits or which the Executive is otherwise entitled to receive under any plan, program or arrangement of the Company or any of its subsidiaries shall be payable in accordance with such plan, program or arrangement except as expressly modified by this Agreement.

12. Settlement of Claims. The Company's obligation to make the payments provided for in this Agreement and otherwise to perform its obligations hereunder shall not be affected by any circumstances, including, without limitation, any set-off, counterclaim, recoupment, defense or other right which the Company may have against the Executive or others.
13. Miscellaneous. No provision of this Agreement may be modified, waived, amended or discharged unless such waiver, modification, amendment or discharge is agreed to in writing and signed by the Executive and the Company. No waiver by either party hereto at any time of any breach by the other party hereto of, or compliance with, any condition or provision of this Agreement to be performed by such other party shall be deemed a waiver of similar or dissimilar provisions or conditions at the same or at any prior or subsequent time. No agreement or representations, oral or otherwise, express or implied, with respect to the subject matter hereof have been made by either party which are not expressly set forth in this Agreement.
14. Employment Status. This Agreement does not constitute a contract of employment or impose on the Company any obligation to retain the Executive, or any obligation on the Executive to remain in the employment of the Company.
15. Section 409A.
 - a. The parties agree that this Agreement shall be interpreted to comply with or be exempt from Section 409A, and all provisions of this Agreement shall be construed in a manner consistent with the requirements for avoiding taxes or penalties under Section 409A. In no event whatsoever will the Company, any of its affiliates or any of their respective directors, officers, agents, attorneys, employees, executives, shareholders, investors, members, managers, trustees, fiduciaries, representatives, principals, accountants, insurers, successors or assigns be liable for any additional tax, interest or penalties that may be imposed on the Executive under Section 409A or any damages for failing to comply with Section 409A.
 - b. Six-Month Delay for Specified Employees. If any payment, compensation or other benefit provided to the Executive in connection with the termination of the Executive's employment is determined, in whole or in part, to constitute "nonqualified deferred compensation" within the meaning of Section 409A and the Executive is a specified employee as defined in Section 409A(2)(B)(i) of the Code, no part of such payments shall be paid before the day that is six (6) months plus one (1) day after the date of termination or, if earlier, ten business days following the Executive's death (the "*New Payment Date*"). The aggregate of any payments that otherwise would have been paid to the Executive during the period between the date of termination and the New Payment Date shall be paid to the Executive in a lump sum on such New Payment Date. Thereafter, any payments that remain outstanding as of the day immediately following the New Payment Date shall be paid without delay over the time period originally scheduled, in accordance with the terms of this Agreement.

- c. Termination as Separation from Service. A termination of employment shall not be deemed to have occurred for purposes of any provision of this Agreement providing for the payment of any amounts or benefits subject to Section 409A upon or following a termination of employment unless such termination is also a “separation from service” within the meaning of Section 409A, and for purposes of any such provision of this Agreement, references to a “resignation,” “termination,” “terminate,” “termination of employment” or like terms shall mean separation from service.
 - d. Payments for Reimbursements, and In-Kind Benefits. All reimbursements for costs and expenses under this Agreement shall be paid in no event later than the end of the calendar year following the calendar year in which the Executive incurs such expense. With regard to any provision herein that provides for reimbursement of costs and expenses or in-kind benefits, except as permitted by Section 409A, (i) the right to reimbursement or in-kind benefits shall not be subject to liquidation or exchange for another benefit, and (ii) the amount of expenses eligible for reimbursements or in-kind, benefits provided during any taxable year shall not affect the expenses eligible for reimbursement or in-kind benefits to be provided in any other taxable year.
 - e. Payments Within Specified Number of Days. Whenever a payment under this Agreement specifies a payment period with reference to a number of days (e.g., “payment shall be made within thirty (30) days following the date of termination”), the actual date of payment within the specified period shall be within the sole discretion of the Company.
 - f. Installments as Separate Payment. For purposes of Section 409A, the Executive’s right to receive any installment payments pursuant to this Agreement shall be treated as a right to receive a series of separate and distinct payments.
16. Governing Law. This Agreement shall be governed by and construed and enforced in accordance with the laws of the State of New Jersey, without reference to the principles of conflicts of laws. Each party hereto consents to in personam jurisdiction and venue in the United States District Court of New Jersey. In the event that the United States District Court of New Jersey should lack subject matter jurisdiction, the parties consent to jurisdiction and venue in a court of competent jurisdiction in Camden County in the State of New Jersey.
17. Withholding. The Company may withhold from all payments due to Executive (or the Executive’s beneficiary or estate) under this Agreement all applicable federal, state, local and foreign income and employment taxes.
18. Severability. The provisions of this Agreement shall be deemed severable and the invalidity or unenforceability of any provision shall not affect the validity or enforceability of the other provisions hereof.

19. Counterparts. This Agreement may be executed in several counterparts, each of which shall be deemed to be an original but all of which together will constitute one and the same instrument.
20. Headings. The headings contained in this Agreement are intended solely for convenience and shall not control or affect the meaning or construction of the provisions of this Agreement.
21. Entire Agreement. This Agreement constitutes the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes all understandings and arrangements, whether oral or written, between the parties hereto with respect to such subject matter, including the Change in Control Severance Protection Agreement by and between the Company and the Executive dated as of [_____].

IN WITNESS WHEREOF, the Company has caused this Agreement to be executed by its duly authorized officer and the Executive has executed this Agreement as of the day and year first above written.
